

LCRA ON-SITE SEWAGE FACILITIES PROGRAM FLOODPLAIN COMPLIANCE ACKNOWLEDGEMENT

LCRA's On-Site Sewage Facilities (OSSF) Rules require applicants to document compliance with applicable flood damage prevention regulations or documentation that such regulations are not applicable to this property.

This documentation must accompany the application for an LCRA on-site sewage facility construction permit.

Property owner: _____
Site address: _____
Legal description of property: _____
City (if applicable): _____
County: _____
Development Permit No.: _____

This documentation verifies that the applicant has complied with flood damage prevention regulations as described within the National Flood Insurance Act of 1968, 82 Stat. 572, 42 U.S.C.A.

Floodplain Administrator

Date

(Name of permitting authority) (Permitting authority will check applicable notes)

_____ No development shall occur until a _____ permit has been issued and posted.
(Name of permitting authority)

_____ To remain in compliance, a completed elevation certificate must be returned to _____ within _____ days of the first floor's completion.
(Name of permitting authority)

_____ Replacement of OSSF only.

_____ By law, the minimum finished floor elevation (FFE) of any habitable structure on Lake Travis must be at least 1 foot above the Federal Emergency Management Agency floodplain of 722 feet above mean sea level (feet msl). All new habitable structures must have an FFE of at least 723 feet msl.

SOURCES OF INFORMATION ON STANDARDS GOVERNING FLOODPLAIN DEVELOPMENT

You are required by your local floodplain management agency to obtain a determination as to whether or not your property requires a floodplain development permit. Under the National Flood Insurance Program (NFIP), cities and towns that participate in the NFIP regulate floodplain development within their corporate boundaries. Counties are responsible for regulating floodplain development in unincorporated areas. The regulations that participating communities adopt and enforce must meet certain minimum flood loss reduction standards established under the NFIP by the Federal Emergency Management Agency. Information regarding the NFIP, floodplain management or floodplain regulations can be obtained from the following sources.
